Work Experience: Experienced with around 4 years of hands-on technical skills in building startups to successfully get their first deal. I have proven project management skills where I have supported multiple startups for around two years until they became mature organizations that covers most of the Saudi Arabia Kingdom. Below some of my projects:

Project Name	Period	Role Description
Efficient cart Company https://efficientcart.com/	Present	- E-commerce Project Manager
Fadlin Company	April 2018 - Dec 2020	- Fully Built establishment of the company from beginning - Project Manager in IT department
Fishwasel corp. (fishwasel.com)	Feb 2018 -2020	- Fully built ecommerce platform connected to smart application for iOS and android that supports online payment. - Managed Social Media account. - Provided Design work using Photoshop, and Illustrator. - Coached the Call center employees to use and response to customers efficiently. - Proud to say that fishwasel is now growing day by day, and I'm still connected with their team.
Antilia (antiliaksa.com)	April 2020	- Fully Built Online Profile website. - Created portfolio, and managed social media accounts. - Organize customer relationship meetings, with marketing campaign that yield in successful real estate deals.
Nay Café: http://naycafe.sa/	Jul 2019	- Built online brand, logo and website. - Created a full ecommerce platform, that supports online payments. - Supported the team to efficiently utilize the system.
Some examples of Brands I built their websites.	Feb 2017 - Present	- Samaya: https://www.mysamaya.com/ - Alrai Alrasheed: http://alraialrasheed.com/ - Zaff Group Company: http://zaffgroup.co/ - Dorar Group Company: http://dorargroup.com/ - Almsaar Realestate: http://msr.com.sa/ - Goodat Company: http://goodat.co/ - Intl Voluntary Work License: http://voluntary-license.com/
